A contract contains offer-Acceptance and Remuneration (Consideration). Here in this issue all the three have take place. The company have spent on advertisement or consultancy or any other money on offering the candidate After all having conversations with the candidate. Company have selected him to hire offer letter with the term. whatever may be has been mailed to the candidate and got accepted in return mail. Here it is final that the candidate has mailed the consent. Immediately the company have paid to the related parties here on breach of contract the company can claim damages as per Section 73 on the Indian Contract act. The company can provided a bill of consultancy or a Real Advt. in this regard which is the enough proof of spending money toward his selection. But this will have multi faceted arguments in court of law

Public Nuisance Breach Contract
Written letter

I believe both the Highland park police Department 4801
Woodward Highland Park Michigan Detroit 48203. Coverage
and public service announcements could be extremely
beneficial in supporting the enforcement of the noise
Control act of 1973. It is understandable but unfortunate
that noise complaints are such low priority. As a
Result it has escalated out of control
Calling the public Department every time there is a complaint
is not feasible. many times the perpetrators impose
their boom boxes for frequent recurrent and short
periods of time there fore preventing getting caught
If and when an officer is available within hours
of the report or even improvement is definitely needed
for noise-control Responses and action It is A public
nuisance and hearing of infants child adult causing
unwelcome discomfort by transmitting ~~noise~~ at
an extremely high frequency
What options does a citizen as an innocent victim have
to defend themselves and/or assist the understa
ffed Fresno Police Department in addressing this
flagrantly displayed Public Nuisance

Challenge for Cause

1 Plaintiff in a breach Contract lawsuit you know there will be
2 evidence that you drank a beer one hour before the accident and that
3 the defendant will argue that because you had been drinking the
4 accident was your fault. During voir dire Juror No. 3, Ms. Morrow, said that she
5 does not drink - that she does not serve liquor of any type in her
6 house and that their are opinion people would be far off if her if they
7 never drank alcohol at the same time she said that she
8 could be fair to you and would not decide the case against
9 you simply because you had taken drank. However you do
10 not trust the Juror No. 3 to decide the case fairly based on
11 what she said and how she said it you think she is likely
12 to be biased against you because you had a drink

13 1, Mr Nickerson it is your turn to challenge
14 2, Your Honor I challenge Juror No 3. for cause
15 3, Your Honor she said that she is a
16 big long teetotaler she never drank she does not
17 associate with people who drank and she thinks
18 that nobody should drink. she is entitled to that belief
19 but I don't think that someone who has those beliefs
20 can give me a fair trial there will be some evidence
21 that I had a beer and from what she said its clear that
22 she'd be biased against me because of that
